

3rd Battn., A.I.F.

KIRKPATRICK S. 7019

Oct 4/17

About 33 years of age, dark, 5'7" in height, dark, was a stretcher bearer.

Just in front of Anzac Ridge on Oct. 4th, 1917, at about 5.30 a.m. as we were moving off, a shell hit Kirkpatrick, and he was very badly knocked about right up one side. He only lived a few minutes. I do not know for certain where he was buried, but think he was buried behind Anzac House.
